Tell your story on how you are coping with this world pandemic, especially on how it affects your daily life and business. 21ology wants to help tell your story and help your business move forward in these times when uncertainty is the new normal.

Video Production

21ology will visit your place of business and video record what you are doing to continue business; drive through service, delivery, personal stories of hope and patience. Video and interviews with key personnel.

Editing

21ology will produce a high quality 1:15 piece and connect you to a youtube link that you can use to spread your message on company websites and social media.

Cost

- A one time fee due before link is delivered
- Client can make one adjustment to video after receiving link that will be edited at no additional cost
- Upon request from client, 21ology will produce one “extra” piece using video already gathered (perhaps a shorter version of the segment) at no additional cost

\$399.00
